#### Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2011-2012 educational progress for the Beaverton Rural School District and our schools. The AER address the complex reporting information required by Federal and State laws; our staff is available to help you understand this information. Please contact the Administration Office at 989-246-3000 for help if you need assistance.

The AER is available for you to review electronically by visiting the following website [www.brs.cgresd.net](http://www.brs.cgresd.net) or you may review a copy in the principal's office at your child's school.

The report contains the following information:

#### Student Assessment Data

Michigan Educational Assessment Program (MEAP), Michigan Merit Exam (MME), and Michigan's Alternative Assessment Program (MI-Access or MEAP-Access)

- Presents achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) compared to targets for all students as well as subgroups of students
- Provides achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) for students with significant disabilities (MI-Access or MEAP-Access) compared to targets for all students with disabilities as well as subgroups of students
- Helps readers understand achievement progress within schools and compare these to district and State achievement

#### Top to Bottom Ranking – Detail Data and Status

Information used to rank schools is based on the development of the Top to Bottom list of schools and their performance. Each school's Top to Bottom ranking will be based on student achievement, student growth over time, school improvement over time and achievement gaps across all five tested subjects (mathematics, reading, science, social studies and writing).

## Annual Education Report

### **Adequate Yearly Progress (AYP) - Status**

AYP Status is based on student participation and proficiency in mathematics and reading. Attendance targets must be met for elementary and middle schools and graduation rate targets must be met for high schools and districts.

### **Teacher Quality Data**

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

### **NAEP Data (National Assessment of Educational Progress)**

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8
- Cannot be compared with MEAP results for grades 4 and 8 because there are no national standards.

### **District made AYP, but some schools did not make AYP**

For 2011-2012, Beaverton Rural School District made Adequate Yearly Progress (AYP) in the five tested subjects (mathematics, reading, science, social studies and writing); however, all schools in the district did not make AYP. Below you will find a list of the schools showing if they did/did not make AYP and/or are Priority or Focus Schools, the reasons for not making AYP and a summary of the actions underway to improve. The principal has a letter and school specific AER that will help answer your questions. These are also posted on the district and school web sites.

- Beaverton High School did not meet AYP because we did not test 95% of our economically disadvantaged students. District administration and staff are working to ensure required attendance for future testing.
- Beaverton Middle School did meet AYP.
- Beaverton Primary School did meet AYP.

I would like to personally congratulate all of the students, parents, and school personnel who work to improve the achievement levels in Beaverton Rural School District. Go Beavers!!

Sincerely,  
Gregory G. Paxton, Superintendent  
Beaverton Rural School District
